How to Beautify Your Complexion and Bring Roses to Your Cheeks

A Free Oatmeal Prescription Does the Work Overnight. You Can Prepare It At Home.

New York.—Exposure to dry atmosphere, bright sunlight, dust and cold wind has a very bad effect upon the skin and complexion. When you come in contact with artificial heat you have often noticed that the dry atmosphere causes your skin to feel drawn and puckery. This is very harmful and there is a way to overcome it. "It is my own discovery and takes just one night to get visible results," says Mae Edna Wilder when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. "You can do the same thing if you follow my advice," she says. "I feel it is my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it, all this change in a single night. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, hands, arms, neck and shoulders. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery store and get 10 cents worth of ordinary oatmeal and from any drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of Derwillo and apply night and morning. The first application will astonish you. It makes the skin appear rosy-white, transparent, smooth and velvety. I especially recommend this method for a dark, sallow skin, shiny nose, coarse pores, rough chapped skin, redness, wrinkles and, in fact, every blemish on the face, hands and arms are helped. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how

Named Governor Of Maryland

After perhaps the closest race in the history of state elections, Albert Ritchie, Democrat, state attorney-general, was elected governor of Maryland at the last election. A recount of votes was necessary and the final count showed him winner by a plurality of 162 votes.

TRANS-SIBERIAN ROAD IS HARD TO HANDLE

OMSK (Via Vladivostok), Dec. 4.—John F. Stevens, of Chicago, administrator of the Trans-Siberian railway, has experienced difficulty in his efforts with the aid of an international committee to convert the Trans-Siberian railway into an efficient railway system. Seven months have now elapsed since he became its administrator.

One of the most serious obstacles encountered was the unworkable objection to modern methods of rail-roading on the part of Russian officials of authority. The system of car distribution has proved a stumbling block which precluded any marked improvement in carrying capacity. If it were possible to conceive one of America's great trans-continental systems with local committees in each state traversed, committees of politicians in no manner identical with the actual railway management, vested with authority to distribute freight cars as they chose without any control by the railway management, one might find a parallel with the actual situation in Siberia.

VISITORS IN FRANCE CRITICIZE SALVAGE WORK

LONDON, Dec. 4.—Civilian visitors returning from tours of the battlefields in France criticize the salvage operations still being carried on there. "Men who ought to be back at their work in England are engaged in collecting useless scrap on every battlefield under the direction of officers who have lost all keenness for work since the war ended, a year ago," commented one returning visitor.

WEISBADEN IS GAYEST TOWN IN EUROPE

WEISBADEN, Dec. 4.—Many cities in Europe are now given up to festivity, but it is doubtful whether the present gaiety at Wiesbaden is exceeded anywhere. This city has often been called the gayest in the world, and the season is now in full swing.

Enormous sums are being spent upon decorations. For example, some \$12,500 was expended recently on the floral decorations of the famous ballroom in the Kurhaus for one evening's entertainment. Theaters, orchestras, and bands playing about the city are among the finest in Europe.

rough or ungainly hands and arms or what abuses they have had through hard work and exposure to the weather. Derwillo combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it report the same results I have had.

Mrs. G. V. writes: "Oatmeal and Derwillo have worked miracles with my complexion. I had many deepened freckles. After eight weeks' use of Mae Edna Wilder's wonderful complexion treatment, my complexion has been entirely changed. I now use it just as a beautifier and look 10 years younger. I advise every girl and woman to try it, and I feel confident that after one or two applications they will use it continually and be just as favorably impressed with it as I am. I recommend it to all of my friends."

NOTE.—To get the best effect, be sure to follow the complete directions contained in every package of Derwillo. You need nothing else, and it is so simple that anyone can use it, and so fast that any girl or woman can afford it. The results are a noticeable improvement after the first application and will reflect the money. It is sold in this city under a money refund guarantee for department stores and all druggists, including the Mother-Sonnet Drug Co., the Hammer-Ballard Drug Store and the Walburn-Joy Drug Store.

Only eighteen shopping days before Xmas

NOT a great many when there is so much to be done—every day gone by makes gift-seeking less the joyous task it should be, and more difficult of fulfillment, and now that shopping days have been shortened by 2 1/2 hours, it becomes vitally important to start Christmas shopping at once and early in the morning; then, again, while we have prepared for an active selling a good many stocks undoubtedly will be greatly depleted as Christmas approaches, and this, with the reduction of store hours, is the reason why we advocate immediate shopping. At all times, however, we wish to assure you of the store's heartiest co-operation with your plans.

CLAIMS PREJUDICE SHOWN AGAINST JAPS

TOKIO, Dec. 4.—Anti-Japanese agitation is, says the Nishi-Nichi, a calendar event in the United States and it is not astonishing that there should at this time be a revival of it in the Pacific states. It is high time, says the paper, to appeal to thoughtful Americans when legislative bills and resolutions directed against Japanese and resulting from such agitation are proposed, and these go the length of impairing the good name of the Japanese empire.

Former Senator Theodore E. Burton of Ohio, now staying in Tokio, is quoted as saying the agitation is engineered for purposes of American domestic politics and has nothing to do with racial prejudice. The Nishi-Nichi disagrees with Mr. Burton and expresses the belief that racial prejudice plays an important part in the agitation, and that the danger of impairing the friendly relations between Japan and the United States.

Discussing the Japanese-American relations the Yoru-dai says that in the United States entered the war in 1917, the Japanese in America gave their most hearty support to the American cause, and even the Pacific states be-

AFRICAN BISHOP OFFERS TO BOX HIS BRETHREN

LONDON, Dec. 4.—Bishop McLellan, of Claremont, South Africa, has sent to the All Sports Weekly, an offer to box any bishop five rounds for a fund for high seas by swift motor boats armed with machine guns in the charge made against the Turks. The bishop is 58 years old.

He is the father of Capt. Victor McLellan, who is now training to box Joe Beckett, for the London heavyweight championship belt.

The bishop's offer was prompted apparently by his indignation at some of the newspaper had printed concerning his son.

"Why," he asks, "is it astonishing that a man who chooses to fight in the ring for money should be the son of a bishop, or a man of considerable educational attainments? I have had eight sons, all of whom served in the war, and I should be ashamed of any who could not use his hands. Neither would I wish to see them willing to undergo the long period of work and training necessary for a contest without payment. I wish my sons to be what they are—gentlemen, but I do not wish to see them what they are not—fools."

Neither," adds the bishop, "is there anything contrary to Christianity in boxing. This is solely the nonsense of clergy, who have forgotten that they are men, living in a world of men and not of Victorian old ladies."

TURKS CHARGED WITH PIRACY ON HIGH SEAS

ATHENS, Dec. 4.—Priority on the high seas by swift motor boats armed with machine guns is the charge made against the Turks. The bishop is 58 years old.

It is announced that numerous Greek sailing vessels have lodged complaints of this piracy of which they have been the victims. The crews have been robbed in each case of all their belongings, and the cargoes looted.

These up-to-date Turkish pirates, it is said, principally infest the Aegean sea, off the Dardanelles, and the coast of Asia Minor.

ASK CITY DRUG STORES. PERLIN, Dec. 4.—Socialist alderman of Neukoen, one of the greater Berlin municipalities, propose to establish municipal drug stores. As an aid thereto they have petitioned the city council to grant licenses to privately owned drug stores.

NAVY WILL PAY CASH FOR PRACTICAL IDEAS

WASHINGTON, Dec. 4.—The navy will pay a cash reward for usable ideas or suggestions submitted by civilian employees or persons in civil life.

Regulations to carry out the act of congress authorizing such payments have been based on the methods adopted by industrial establishments. The naval inventions office will supply forms on request for the submission of suggestions.

The act states that "reward is to be paid upon such date as a suggestion or a series of suggestions, there results an improvement or economy in manufacturing process or plant or naval material."

The department warns employees and civilians against making "trivial" suggestions.

MUSICIAN'S PHOTO IS NOW ON POSTAGE STAMP

WARSAW, Poland, Dec. 3.—For what is said to be the first time in history the likeness of a musician has appeared on a postage stamp. It is that of Ignace Paderewski, president of the Polish republic, on a new issue of Polish stamps.
